

**RANDY
PEAT**

MARKET VAN BUREN

Randy Peat is an entrepreneur, having co-founded and operated Manatron, Inc., a successful technology company that employed over 500 people and provided software to county levels of government throughout the USA. In 2008, while serving as the company chairman of the board, the company was sold and is now serving governments around the world.

Randy has served for over 28 years on the Paw Paw Township Planning Commission, with most of those years spent as Chairman. He also currently serves on the board of Kinexus, as a business sector representative. The Board of Commissioners has also appointed Randy to the County's 911 Advisory Board and the County's Economic Development Corporation. Presently, he serves as Chairman of both.

Randy is a Vietnam veteran and lives with his wife, Madelynn, on their family farm in Paw Paw Township, where they enjoy spending time with their children, their spouses and five grandchildren.
